

Mentorship from those who've done it

Live virtual instruction from university and high school instructors

[Register](#)[Volunteer](#)

Trusted By

1700+ seats filled

Registered students in ScioVirtual courses

13,500+ hours

Instructed by high school and university mentors

70+ courses

Courses ranging all science disciplines

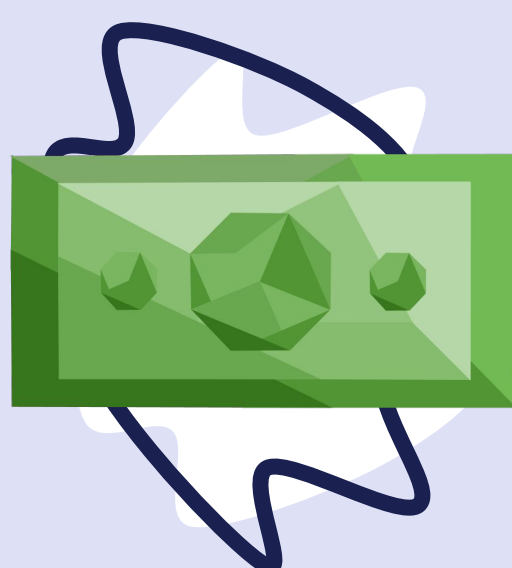

Mentorship from state and national-level medalists

Instructors include national and state medalists with extensive competitive experience. Veteran instructors mentor students to develop a toolkit to think scientifically and study effectively outside of class.

All profits go to charities helping with COVID-19 relief

All profits from our affordable registration fees are donated to the Community FoodBank. With the ongoing pandemic, child hunger has been exacerbated. Financial aid is provided for all courses.
